Dear Parents/Carers

I am writing to you to give you further information about the implications of the changes in the national regulations regarding COVID-19. Many of our arrangements in school will remain unchanged, but the following changes will be implemented immediately:

- If your child develops one of the three main symptoms of COVID-19, then they should take a test, and stay at home until they receive the result of the test. If they do test positive for COVID-19, please inform the school as soon as possible via the school office.
- Although the legal requirement to isolate ended on the 24th February, the public health guidance remains that children who test positive for COVID-19 should isolate initially for five days, and should then take LFD tests on a daily basis. If they test negative 24 hours apart on two consecutive days from day 5 onwards then they can return to school. We ask that children who test positive for COVID follow this guidance in order to prevent the spread of infection within the school community. The school reserves the right to refuse entry to a child if, in our reasonable judgement, it is necessary to protect other students and staff from possible infection with COVID-19.
- In the event of an outbreak within school, it is possible that additional control measures may be recommended by the Director of Public Health

If you have any questions about any of these arrangements, please contact the school office.

Yours sincerely

Mrs R Howarth

Headteacher
